HIPAA QUALIFIED PROTECTIVE ORDER

This matter is before the Court on the Motion for Protective Order filed by **Defendants, Sheriff Richard Watson, Major Phillip McLaurin, and Captain Thomas Trice** on September 21, 2016, (Doc. 43). The motion is **GRANTED**.

The motion seeks protection of records of Plaintiff, Leonard Cotton, who is believed to have obtained healthcare and medical treatment while at and subsequent to his incarceration at the St. Clair County Jail. A protective order to restrict the use of records of healthcare and medical treatment is in accord with the Health Insurance Portability and Accountability Act (HIPAA). Rule 26 of the Federal Rules of Civil Procedure permits litigants to seek an order to protect relevant and discoverable material. Defendant stipulates that Plaintiff's medical records will only be used for the purposes of this litigation, and that a protective order will secure Plaintiff's protected health information from unauthorized disclosure. The Court finds that good cause exists for issuance of an order permitting limited disclosure of such information, and that entry of this Order is appropriate pursuant to federal Rule of Civil Procedure 26(c).

THEREFORE, IT IS HEREBY STIPULATED AND ORDERED:

1. During the course of this litigation, it may be necessary for the parties or their attorneys to disclose protected health information of Plaintiff, Leonard Cotton, as that term is defined under the Health Insurance Accountability and Portability Act (HIPAA) and the Federal Regulations enacted pursuant to said Act.

- (a) All protected health information disclosed by any healthcare providers shall be used for the sole purpose of preparing for or conducting this litigation, including, but not limited to investigation, consultation, discovery, depositions, trial preparation, trial, appeal, resolution, mediation, or uses incidental to the proceeding in the case and shall not be disclosed or revealed to anyone not authorized by this Protective Order.
- (b) Protective health information pursuant to this HIPAA Qualified Order may include information related to sexually transmitted disease, genetic testing, HIV, behavioral or mental health services, and treatment for alcohol and drug abuse;
- (c) Protected health information may be disclosed without further notice by any covered entity or healthcare provider, party or parties' attorney, to:
 - (1) the parties themselves, parties' attorneys, experts, consultants, any witness or other person retained or called by the parties, treating physicians, other healthcare providers, insurance carriers, or other entities from whom damages, compensation, or indemnity is sought and any entity performing, monitoring, or adjustment activities on behalf of such insurance carrier or other entity and/or their employees, agents, or third-party administrators for any of the parties involved in activities as permitted under 45 C.F.R. 164.512, court reporters, copy services, other similar vendors to the parties and their attorneys, as well as the professional and support staff of all of the above.
 - (2) The parties, and each entity governed by this Order shall either (a) destroy, or (b) return to the entity who originally produced it, all protected health information, including all copies made, provided, however, that said protected health

information may be retained in the files of the entities listed in paragraph (1) above and may be destroyed pursuant to their regular file retention policies so long as the protected health information is maintained in a secure environment.

IT IS SO ORDERED.

DATED: November 2, 2016

DONALD G. WILKERSON
United States Magistrate Judge
